Hi Mike,

I wanted to send you testimonial from myself regarding the Acumen seminar last week.

Thanks Craig!, an inspiring and interactive seminar as always! I have been able to help 4 people directly and will help many more over the next few weeks. An inspiring group of ladies who all met on the night are taking ACTION. We are getting together this week to have a brainstorming session to work on strategies to help each other to create win win solutions for all of our clients and friends. We are striving to win the Business Acumen Prize!!!

I love attending your events as I always walk away with many ideas, prospects and a healthy attitude towards life and business.

Thanks again looking forward to the next one on the 25th November.

Kindest Regards

Liza Logan
