Dear Craig

I just wish to express my appreciation for the invitation to the Business Acumen Network Meeting. What an absolutely wonderful event. The manner in which it was run and the calibre of person that I met made it worth every moment of my time. I would endorse this event to any individual wishing to meet other people in business. The event opened doors that I would not easily have been able to achieve on my own. Once again thank you.

Thanks and Regards

Bev Wood
